PRESS RELEASE FOR IMMEDIATE RELEASE

February 15, 2008

WESTERN LAKE ERIE BASIN WEBSITE MAKES DEBUT

TOLEDO, OH – The Internet has become an important tool for individuals and organizations to share resources as well as collaborate and build consensus. The Western Lake Erie Basin (WLEB) Partnership has recently unveiled their new website at <http://www.wleb.org> which shares resources and knowledge to link land use to water quality, support ongoing watershed groups and other efforts and identify new opportunities to enhance and improve the Western Lake Erie watershed.

Website features include the first official newsletter of the WLEB Partnership entitled, *Western Lake Erie Basin Bulletin*. The newsletter will be published three times a year and will document the development of the organization, and its role in making the Western Lake Erie watershed a clean, healthy place to live and work. A few of the regular features will include upcoming events, highlights of a local watershed in action, important links to organizations and agencies, and tips on what you can do to get involved.

The WLEB Partnership is a tri-state partnership dedicated to enhancing multi-purpose projects that improve land and water resource management in

The WLEB Partners are Equal Opportunity Providers and Employers
